

Calgary Preschool Teachers Association

March 15, 2010

It is a pleasure to write this letter of endorsement for Judy Arnall.

The Calgary Preschool Teachers Association is a non-profit group that provides ongoing support and learning for its' members through workshops and a yearly conference .

We engaged Judy Arnall as a sessional speaker on the topic "How to talk to Parents." Judy is a professional speaker who specializes in a variety of parenting topics, including Handling Peer Pressure, and Parenting the Digital Generation.

We were most impressed with Judy's ability to draw in and interact with her audience through the use of role play, puppets, visuals and interactive exercises. Judy gave us evidence-based information and strategies to use in a fun and engaging manner.

Many of our participants asked to have Judy return again next year!

We would highly recommend Judy for any of your speaking requirements.

Yours truly,

**Wendy Kondrat
Speaker Coordinator
Calgary Preschool Teachers Association**
