To Whom It May Concern:

Judy Arnall was the guest speaker for 15 presentations at the Calgary Public Library for the year 2007.

The evaluations from the speaking engagements were excellent and we were impressed with her easy rapport with the audience. She had colorful, interesting PowerPoint slides, different kinds of props and unique ways of bringing out valuable points. Judy worked within the time limits she was given; and was prepared by having back-up overheads for a presentation at the Fish Creek Library.

We recommend Judy Arnall for speaking to any size of group for an informative, entertaining, and an encouraging presentation.

Sincerely,

for Wendy Stewart,
Lifelong Learning Advocate,
Community Services,
Calgary Public Library.
